- Implementation of software

Articles of c. 5,000-8,000 words, as well as any inquiries regarding the issue, should be sent by email to the journal address (lvalue@uji.es) before 30 October 2016. They should be original works, not published or being considered for publication elsewhere, and written in English. They shall include information about the method employed and the main results obtained as well as some references to be inserted where appropriate in the main body of the text and in a list of references (not included in the 500 word count). Abstracts will be reviewed by peer referees through a double-blind evaluation process and authors of the selected proposals will be notified no later than 15

November 2016. On acceptance, authors will be required to send full texts of c. 5,000-8,000 words before 20 December 2016. Full papers will be independently reviewed by expert reviewers, and authors will be required to meet the suggestions contained in the assessment reports.

Any inquiries regarding the issue should be sent by email to the journal address (lvalue@uji.es).

See the website of the journal for further information for authors:
