### ***Ibérica* – AELFE’s multilingual research journal**

- *Ibérica* 35 (Spring 2018) has been recently uploaded to our AELFE website. You can access its contents at <http://www.aelfe.org/?s=revista&veure=35>
- *Ibérica* 34 (Fall 2017) was a very successful monograph, co-edited by AELFE members, with different international contributions. According to the approved policy on monograph / special issue publication (General Assembly, 16<sup>th</sup> June 2017), the next one will take place in 2019 (every two years).

### **7<sup>th</sup> Edition of the “Enrique Alcaraz” Research Award**

The next edition of our Association’s Research Award will take place in 2019. The call for proposals will be sent out to the members in the next few weeks. It will include two different categories, as discussed by the Executive Committee members in their last meeting (2<sup>nd</sup> of March, 2018).

As always, our most sincere dedication to Dr. Alcaraz, and tribute, with this award for excellent research in the areas of LSP and Applied Linguistics.
